PROFESSIONAL SUMMARY

An enterprising and multidisciplinary Engineering student operating at the intersection of technology, software development, and creative media. Proven track record of launching entrepreneurial initiatives, managing digital marketing campaigns, and building technical projects. A versatile problem-solver adept at bridging the gap between technical execution and creative execution.

CORE COMPETENCIES & SKILLS

- **Engineering & Tech:** Electrical Circuit Analysis, MATLAB, C++, Python, Data Structures, Basic Web Development (HTML/CSS/JS)
- **Creative & Media:** Video Editing (CapCut Desktop/Filmora/Davinci), Graphic Design, Brand Assets, Short-Form Content Creation (Reels/TikTok)
- **Business & Leadership:** Startup Management, Digital Marketing, Team Leadership, Curriculum Design, Public Speaking

ENTREPRENEURIAL & LEADERSHIP EXPERIENCE

Founder & Project Lead | Knowledge Khana (EdTech Startup)

Karachi, Pakistan | Dec 2025 – Present

- Founded and launched an educational platform designed to streamline math and physics instruction for students.
- Designed the complete visual brand identity, including logos, banners, and digital promotional assets.
- Developed the foundational curriculum and strategic roadmap to scale institutional reach and student enrollment.

Digital Marketing Strategist & Brand Manager | *Family Restaurant Operations*

Karachi, Pakistan | June 2024 – Present

- Spearheaded localized digital marketing and social media strategies across 2 restaurant locations to drive customer acquisition and brand visibility.
- Produced consistent promotional graphic design posters and short-form video content to highlight menu offerings and events.
- Analyzed customer feedback and market trends to optimize promotional campaigns, boosting local foot traffic.

Private Tutor & Academic Mentor | *Independent*

Karachi, Pakistan | 2023 – 2025

- Instructed multiple students in mathematics and science, translating complex concepts into easily digestible lessons.
- Managed student progress tracking, designed customized test papers, and enhanced students' academic performance and confidence.

TECHNICAL & DEVELOPMENT PROJECTS

Command-Line Interface (CLI) Software Suite | *Lead Developer*

C++ & Python | Personal Portfolio

- Engineered a diverse portfolio of 10 standalone utility applications, including a Bank Management System, a Matrix Calculator, and a live Cricket Score Tracker.
- Implemented core Object-Oriented Programming (OOP) principles, robust file handling for data persistence, and custom error-handling modules to prevent runtime crashes.
- Designed complex algorithmic logic for real-time mathematical operations (matrix manipulation) and state-tracking systems (banking ledgers and score updates).

Personal Portfolio Website | *Frontend Developer*

HTML, CSS, JavaScript | Live Project

- Architected and deployed a responsive personal portfolio website to showcase engineering milestones, digital media assets, and software projects.
- Utilized modern CSS layouts (Flexbox/Grid) and semantic HTML to ensure cross-device compatibility and smooth UI transitions.
- Optimized web performance and image loading times to deliver a clean, professional user experience.

CREATIVE MEDIA PORTFOLIO

Freelance Content Creator & Designer | FANNIX Studio

Karachi, Pakistan | Oct 2025 – Present

- Produced a diverse portfolio of graphic design posters, digital branding assets, and corporate business cards.
- Edited multiple short-form videos and reels focusing on pacing, text overlays, and audio syncing to maximize viewer engagement.
- Managed end-to-end asset production from creative brainstorming to final rendering and delivery.

EDUCATION

Bachelor of Science in Electrical Engineering (BS EE)

NED University of Engineering and Technology, Karachi | Expected Graduation: 2029

- Current Status: Second Year (First Semester)

Higher Secondary Certificate (HSC) — Pre-Engineering

Adamjee Government Science College, Karachi | Graduation: 2025

- **Performance:** Completed Intermediate Board Examinations with **84%** marks.

Secondary School Certificate (SSC) — Matriculation

The Educators, Karachi | Graduation: 2023

- **Performance:** Completed Matriculation Science group with **87%** marks.

CERTIFICATIONS & ADDITIONAL TRAINING

- **Web Development Certification** | *Bano Qabil Program 2.0* (Learn Basics of HTML+CSS+JS)
- **Advanced English Language Course** | *Sir Shams Academy* (Focused on professional communication, presentation skills, and public speaking).
